Meeting Minutes

Attending

Mateusz Maly, Jan Gucwa, Filip Borowiak, Karol Baran, Dawid Janelli

Announcements

Basic implementation of the server completed.
Designs of the app and the website drafted.

Discussion

Jan has completed basic implementation of the server which can now connect to the app and accept a request. Filip has drafted the UI designs for the website discussed in the previous meeting. It was agreed to use those designs as templates. Database has been created and uploaded onto the server.

Outcomes

The basic implementation of the server works, next steps are to add more functionality such as parsing. Design templates allow us to make a start at implementing the UI for the website and the app.

Tasks

Mateusz – App UI
Jan – API implementation on the server
Karol – Website UI
Filip – Connecting the website to the server
Dawid – Connecting the website to the server
