## Meeting Minutes

### Attending

Mateusz Maly, Jan Gucwa, Filip Borowiak, Karol Baran, Dawid Janelli

### Announcements

Website is connected to the server.  
Map fully integrated into the app.

### Discussion

The team has made progress on the website and connected it to the server. Map has been fully integrated and first set of tests completed.

### Outcomes

The website has been connected to the server, however, after several warnings there has still been little or no progress in other areas of the project such as documentation or website styling. Another verbal warning issued.

### Tasks

Mateusz – Adding some features to the app UI display  
Jan – Error handling, Code clean-up.  
Karol – Website UI  
Filip – Sending to the server and receiving results on the website  
Dawid – Sorting documentation
