Meeting Minutes

Attending

Mateusz Maly, Jan Gucwa, Filip Borowiak, Karol Baran, Dawid Janelli

Announcements

Map implemented for the app, server will now accept the location chosen on the map and incorporate it into the search for travel options.

Still no significant progress on the website, steps will be taken to make sure the deadlines are met.

Discussion

Discussed the new feature in the app, which allows the user to choose the origin and destination locations from a map. Shared ideas of what to use to get the same feature working on the website.

Outcomes

After several weeks there has not been any progress made on the website, therefore every group member, including project manager will receive an email with deadlines for the parts of the project that they are responsible for. The emails will also be send to the supervisor so he can have an overview on the progress of individual group members.

Tasks

Mateusz – App UI version 2

Jan – Map implementation

Karol – Website UI

Filip – Connecting the website to the server

Dawid – Connecting the website to the server

The Email sent to the group and the supervisor to remind them about their deadlines:

Hi All,

As we are nearing the deadline for the project we need to ensure that we complete each task efficiently and on time, therefore, I will send out the individual tasks through email as a reminder only as everyone should be aware of what they are doing.

Jan - Displaying Multiple Results and Map for Android - 17th of Feb

Karol - Styling for the Website (CSS) - 17th of Feb

Filip - Connecting the Website to server - 17th of Feb

Dawid - Poster and helping Filip with the Website - 17th of Feb

Mateusz - UI for Android/ Technical Report - 17th of Feb / 11th of March

Please upload all your work onto github!

Regards,

Mateusz
