[21/10/2015]

Meeting Minutes

Attending

Mateusz Maly, Jan Gucwa, Filip Borowiak, Karol Baran, Dawid Janelli

Announcements

First design ideas shared.

Test plan and quality assurance documents discussed.

Progress on the server and database discussed.

Discussion

Shared and discussed the documents that we all have produced. Moved on to the discussion about the server and website implementation, particularly the connection of the server with the website and the app.

Outcomes

Approved test plan and quality assurance document. Discussed the UI design of the website and the app and agreed on a main design.

Tasks

Mateusz – Create Database
Jan – Finish setting up the server
Karol – Start looking at CSS for the website
Filip – Design the website and app UI
Dawid – Review documents
